This booklet contains a simple walkthrough: it is the bare minimum list of commands to terminate the game.

You shouldn't read this guide, as it would take away from the fun of solving the puzzles yourself; but if you really can't, you can have the solution to help you progress in the game.

A close-up photograph of a light-colored ceramic bowl filled with dark brown, roasted coffee beans. Several beans have spilled out of the bowl and are scattered on the light-colored surface around it. The lighting is soft, creating gentle shadows.

Espresso Moka

An everyday life puzzle by Roberto Ceccarelli
